**AGREEMENT**

\_\_\_\_\_  
Seller shall furnish, deliver, install and startup the Alternative Energy System(s), at a site yet to be determined. When a site is selected, it shall be referred to as the "Installation Site".

2. **Documentation for Potential Tax Benefits.** Seller shall provide to Purchaser all required documentation relating to the Alternative Energy System and its components as requested by Purchaser for federal, state and local review of the Alternative Energy System for

potential tax benefits. However, Purchaser hereby expressly acknowledges that neither Seller nor any other person or entity affiliated with Seller has made representations to Purchaser regarding potential tax benefits of this Agreement to Purchaser and Purchaser has relied entirely on hi/her own analysis of potential tax benefits. Purchaser hereby waives any and all claims against Seller and its employees, agents, officers, affiliates and representatives relating to Purchaser's failure to receive any anticipated tax benefit.

**3. Payment Terms.** Purchaser shall pay to Seller the sum of \$3,500 for each Alternative Energy System purchased, hereinafter referred to as the "Purchase Amount" for the purchase of the Alternative Energy System. This includes the cost of delivery, installation and startup, as well as the cost of warranty work performed during the warranty period described below. The Total Purchase Amount shall be paid in accordance with the following schedule:

**Option 1:**

Initial Down Payment in the amount of \$1,050 (one thousand fifty dollars) for each Alternative Energy System purchased, which shall be paid at the time this agreement is entered into.

**Option 2:**

Initial Down Payment in the amount of \$1,050 (one thousand fifty dollars) for each Alternative Energy System purchased, which shall be paid with a one-time payment of \$105 (equal to 10% of the down payment) at the time this Agreement is entered into. The balance of \$945 for each Alternative Energy System is to be paid on or before June 30, 2012.

**Option 3:**

Initial Down Payment in the amount of \$1200 (One Thousand Two Hundred Dollars) for each Alternative Energy Systems purchased, which shall be paid in monthly installments of \$100 (One Hundred Dollars) per system purchased.

The Installation Date shall be defined as the date the Alternative Energy Equipment has been installed and begins to produce revenue. After the Alternative Energy Equipment has been installed and producing revenue for a five (5) year period, annual payments will begin. The annual payment will be as follows. Thirty Annual Installments in the amount of \$82.00 (Eighty-two dollars) for each Alternative Energy System purchased, hereinafter referred to as "Annual Installments," shall be paid to Seller, the first installment being due five years following the Installation Date and the last installment being due Twenty-Nine years thereafter,

## **RaPower-3 Equipment Purchase Agreement**

the Thirty-Five year period from the Installation Date to a date one year following the due date of the last Installment, shall be referred to hereinafter as the "Installment Period" and the schedule of Installment payments shall be referred to hereafter as the "Installment Schedule."

**4. Operations and Management Company.** The Alternative Energy System shall be placed in operation only at and operated only at the Installation Site, and shall be operated and managed for the Installment Period by an independent Operations and Management Company hereinafter referred to as "Operations and Management Company". In the event that Operations and Management Company shall cease to operate and manage the Alternative Energy System for any reason during the Installment Period, a Substitute Operations and Management Company approved by Buyer shall be employed to operate and manage the Alternative Energy System. The Substitute Operations and Management Company must be expressly approved by Buyer.

**5. Failure to Pay.** In the event that Purchaser fails to pay any of the Annual Installments or any portion thereof, when due, interest shall accrue on the overdue amount at the rate of one and one-half percent (1-1/2%) per month until paid. If Purchaser fails to pay any Annual Installment or any portion thereof when due or within a thirty (30) day grace period thereafter, Seller may immediately, upon written notice to Purchaser, enter the Installation Site and repossess the Alternative Energy System and any and all of the components thereof. In such event, Seller shall be entitled to recover its attorney fees, court costs, arbitration costs, collection costs, repossession fees and expenses incurred in repossessing the Alternative Energy System and any components thereof. In the event that Purchaser voluntarily relinquishes the Alternative Energy System to Seller, and thereby minimizes the expense to Seller in repossessing the Alternative Energy System, Seller agrees not to report Purchaser to any credit agencies for Purchaser's default, and Purchaser shall receive a credit against the balance owed under the Installment Schedule in an amount equal to the value of the Alternative Energy System as established by an independent, qualified appraiser approved by Purchaser and Seller. The credit for the value of the Alternative Energy System shall be given if Purchaser voluntarily relinquishes the Alternative Energy System, whether the Alternative Energy System is re-sold by Seller or not.

**6. Seller's Rights upon Default.** If Purchaser fails to pay any Annual Installment or any portion thereof when due or within the thirty (30) days grace period thereafter, or if Purchaser becomes subject to any state or federal insolvency, bankruptcy, receivership, trusteeship or similar proceeding, or if Purchaser shall default in any other term of this Agreement, Seller may immediately terminate this Agreement by notice in writing to Purchaser and repossess the Alternative Energy System and all of the components thereof as stated above. In such event, Purchaser shall remain liable for all sums then due and unpaid, less the credit for the value of the repossessed Alternative Energy System as described above, plus a reasonable amount for attorneys' fees and such expenses as may be expended in the repossession of the

Alternative Energy System.

**7. Right to Reduce Purchase Amount.** If changes are made to the Internal Revenue Code after the date of this Agreement and prior to January 31, 2012, which materially reduce any tax benefit of this agreement anticipated by the Purchaser, Purchaser may elect to reduce the number of Alternative Energy Systems purchased and the Seller agrees to accept the reduced amount, provided that the reduced amount is not less than the total amount already paid as a down payment or one-time payment. Any notice stating that Buyer wishes to elect a reduction must be emailed (with confirmation of delivery) or must arrive to the Seller via hand delivery, as set forth in this paragraph, on or before Jan 31, 2012.

**8. Warranty.** Seller hereby warrants, for the thirty five (35) year period from the Installation Date to the end of the Installment Period, hereinafter referred to as the "Warranty Period" that the Alternative Energy System shall remain in good operating condition. Seller shall initiate, within five (5) business days following the receipt of written notice that the Alternative Energy System is not operating properly or is not in good operating condition, either directly or through the use of one or more independent maintenance or repair entities, maintenance or repair of the malfunctioning or non-operating components of the Alternative Energy System. Seller shall complete such maintenance or repair work within a reasonable time thereafter. Seller shall be responsible for all material, equipment and labor costs incurred to complete such maintenance and repair work. Seller shall not be responsible for or liable for loss of revenue or other consequential damages sustained by Purchaser due to the failure of the Alternative Energy System to remain in good operating condition. Seller's obligations shall be limited to the maintenance and repair obligations stated herein.

**9. Seller's Warranty Obligations.** Seller hereby warrants, for the thirty five (35) year Warranty Period, the Alternative Energy System and each of the components thereof, from defects in materials and workmanship. Within five (5) business days following the receipt of written notice from Purchaser, Seller shall initiate reasonable efforts to ascertain repair or replacement requirements, to order replacement parts and equipment needed for repair, and to deploy qualified maintenance personnel. The cost of warranty parts, replacement equipment and labor shall be borne by Seller. Seller shall not be responsible for or liable for loss of revenue or other consequential damages sustained by Purchaser due to defects in materials or workmanship. Seller's obligations shall be limited to the parts, equipment replacement, and repair obligations stated herein.

**10. Target Production Rate.** Seller and Purchaser acknowledge that the Target Production Rate from one Alternative Energy System is 600 peak watts, rated for clear sky conditions at noon, local time, June 21, at a latitude of forty degrees (40 degrees) North (the "Rating Conditions"), and the Warranty Production Rate is ninety-five percent (95%) of the Target Production Rate. Seller hereby warrants that for the initial five year period from the Installation Date to a date five years following the Installation Date, the Warranty Energy

## **RaPower-3 Equipment Purchase Agreement**

Production for the Alternative Energy system, shall be no less than 570 peak watts, at the Rating Conditions.

In the event that the actual peak energy production, at the Rating Conditions, from the Alternative Energy System during the initial five year period is less than the Warranty Energy Production, Purchaser shall have the option to terminate this Agreement and relinquish the Alternative Energy System to Seller. Purchaser shall thereafter have no further obligation under this Agreement to make any further payment or to perform any other obligation to Seller arising under this Agreement, except to cooperate with and assist Seller in obtaining possession of the Alternative Energy System. If Purchaser elects to terminate this Agreement as provided above, Purchaser shall not be entitled to a reimbursement of any portion of the Initial Down Payment. The foregoing option to terminate must be exercised within sixty (60) calendar days following the expiration of the initial five year period and must be exercised by Purchaser providing written notice to Seller.

**11. Waiver for Delays.** Purchaser hereby waives any and all claims against Seller for delays, including but not limited to claims for damages due to delays in preparing plans; delays in applying for or obtaining approvals or permits; delays in the delivery, installation, or start-up; or delays in performing warranty work. This waiver includes any and all direct, indirect or consequential damages.

**12. Limitation of Liability.** Neither of the parties shall have liability for consequential damages to the other arising out of this agreement or the transactions, events or occurrences related thereto and each hereby waives any and all such claims for consequential damages against the other. Seller's liability for any breach under this agreement shall be limited to any amounts actually paid by Purchaser and received by Seller under this Agreement.

**13. Property Insurance.** Purchaser agrees to require Operations and Management Company to maintain property damage insurance on the Alternative Energy System.

**14. Liability Insurance.** Purchaser agrees to require Operations and Management Company to maintain liability insurance to insure against bodily injury, property damage, product liability or other claims related to the design, manufacture, delivery, installation, start-up, operation or maintenance of the Alternative Energy System.

**15. Assignment of Agreement.** This Agreement shall not be assigned by Purchaser without the express written consent of Seller. Seller may assign its rights and obligations under this Agreement but Seller shall remain liable to Purchaser for the failure of its assignee to perform the obligations of Seller under this Agreement.

**16. Binding Agreement.** This Agreement shall be binding upon the successors and assigns of each of the parties.
