Judge: Honorable David Nuffer

Magistrate Judge Brooke Wells

Defendant, RaPower-3, LLC, by and through counsel of record, Justin D. Heideman of the law firm Heideman & Associates, and provides the most complete responses given the time provided, and will be supplemented accordingly, to the following Interrogatories pursuant to Rule 33 of the Federal Rules of Civil Procedure.

GENERAL OBJECTIONS AND QUALIFICATIONS

Defendant objects to Plaintiff's discovery requests based on the following grounds:

1. Defendant objects to each and every discovery request to the extent that it seeks information prepared in anticipation of litigation or protected by the attorney-client privilege, the work product doctrine, or any other applicable privilege or immunity. To the extent that any discovery request may be construed as seeking privileged information, Defendant claims such privilege. The fact that Defendant does not specifically object to the discovery request on the grounds that it seeks privileged information shall not be a waiver of the applicable privilege or immunity. Communications between Defendant and the law firm of Heideman & Associates are privileged and together with work performed by that firm or by individuals retained by that firm or retained by Defendant for the purposes of this litigation will not be disclosed and will not be described in any further detail except as may be required by Rule 26(b)(5) or by any scheduling order or other order entered by the Court in this matter. The internal work and communications of Defendant in anticipation of litigation are also privileged and will not be disclosed. Any such documents prepared from the time litigation counsel was consulted with respect to this matter will not be described in any further detail.

2. Defendant objects to each and every discovery request to the extent that it seeks discovery regarding matters that are not relevant to the subject matter of the pending action or that are not reasonably calculated to lead to the discovery of admissible evidence and that further is protected as a matter of trade secret.

3. Defendant objects to each and every discovery request to the extent it purports to impose a burden of identifying documents not in Defendant's possession or control, or that cannot be found in the course of a reasonable search.

4. Defendant objects to each and every discovery request that can reasonably be construed to be overly broad, vague, ambiguous or unduly burdensome.

5. Defendant incorporates, by reference, each of these General Objections and Qualifications into the specific responses to Plaintiffs' discovery requests.
