ORDER

This matter comes before the Court upon Defendant International Automated System/IAUS's ("IAS's") motion to quash service and motion to dismiss and Plaintiff's opposition to the same. The Court, having reviewed the pleadings plus attachments to the same and having heard arguments of counsel in open court, finds that IAS's motion to quash service and motion to dismiss is due to be GRANTED IN PART and DENIED IN PART.

It is therefore ORDERED, ADJUDGED and DECREED that IAS's motion to quash service is hereby GRANTED, and Plaintiff's attempted service of IAS is hereby QUASHED. It is further ORDERED, ADJUDGED and DECREED that IAS's motion to dismiss is hereby DENIED as premature, and Plaintiff is allowed additional time to effect proper service upon IAS.

DONE this 11th day of May, 2016.

/s/ HON. JOHNNY HARDWICK
CIRCUIT JUDGE
