

Assets at Delta, Utah Property*

*This is a preliminary estimated inventory of machinery and large equipment on the property in Delta, Utah.

Property owned by Glenda:

- Two motorcycles in garage area are recreation vehicles titled in Glenda's name
- Boat (maroon and white in color, appears to be at least 25-plus feet in length with twin inboard / outboard motors / triple axle- trailer) - not operational; recreational only.
- Terry 5th-wheel motorhome –cream colored recreational vehicle. Not operational/old. Only personal/recreational use.
- Two older model sedans (Chevy / Unk.). Likely left by family members for storage; don't run.

Property owned by Glenda and used for Receiver Defendant:

- Three (3) containers containing miscellaneous stuff (kitchen equipment, cash registers, personal stuff, older items that appear to be stored in them) - Items used by IAS
- Multiple tools (welder's equipment & welders, power tools, metal cutting tools, table set up for building items, power washer, generators) in Garage Area likely used for Cobblestone to assemble the lenses and the towers.
- White pickup truck in garage area used for Cobblestone.
- Miscellaneous metal parts/pieces throughout the property used for Cobblestone for lenses and towers; still owned by customers. There are approximately 200 structures, with the lenses in place, that are the tops of the towers, that are on the property and owned by customers.
- Large metal structure- without a cover /appears to be about 100 feet wide x 200 feet long/ this was meant to be an outdoor assembly area which was covered. Structure for assembly, used by Cobblestone
- Two (2) heavy-duty boom trucks- white in color. Glenda owns them and they are used for Cobblestone.
- Two (2) heavy-duty flatbed trailers – white in color. Glenda owns them and they are used for Cobblestone.
- Crane vehicle- yellow in color. Glenda owns them and used for Cobblestone
- Heavy-duty trailer- Big Tex / West Truss on the side. Glenda owns them and used for Cobblestone

- Clark Front Loader- 75B Michigan. Glenda owns them and used for Cobblestone
- Peterbilt Semi- blue color. Glenda owns them and used for Cobblestone; doesn't work
- Feightliner Semi- Red/white color; doesn't work. Glenda owns them and used for Cobblestone.
- Crane vehicle- green in color (maybe US Marine Corp. surplus). Glenda owns them and used for Cobblestone; needs some repair work to be operational.
- Crane vehicle-orange. Glenda owns them and used for Cobblestone; needs some repair work to be operational.
- Ladder firetruck- older model. Glenda owns them and used for Cobblestone; likely doesn't work.
- Water tank trailer-green. Glenda owns it and used for Cobblestone; needs some repair work to be operational.
