**IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF UTAH**

NELDON PAUL JOHNSON,

Plaintiff,

vs.

THOMAS R. MANCINI, an individual,

Defendant.

MOTION FOR MEDIATION

Case No. 4:18-cv-00087-DN

Plaintiff, Neldon P. Johnson, Pro Se Plaintiff, moves this Court to order Mediation as follows:

The Court sent a notice of "Alternative Dispute Resolution Program" to the Plaintiff, advising that the Court could refer this matter to Mediation if a party requested it. I talked with the Court's ADR Coordinator and was told I needed to file this motion to request it be referred to Mediation.

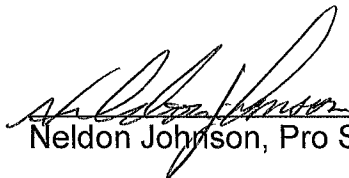

1. Defendant, Thomas R. Mancini (AMancini@), is an individual who came to Utah with the intent to injure Plaintiff and succeeded in causing Plaintiff injury by his publication of false and fraudulent statements.

2. This Court has the ability to resolve this dispute through Mediation for less time and expense to the parties.

3. Plaintiff asks that this matter be referred to Mediation and the parties be given the chance to solve this dispute through a negotiated settlement of their conflict.

4. I understand that the Court prefers parties resolve their conflicts by negotiation, and therefore request this matter be sent to Mediation to see if this can be resolved without the Court's further involvement.
